### AVA's Recommendation:

Based on your request for a ship, here are yachts that fit the description of large, luxury vessels (often called megayachts or superyachts) and can fulfill the needs of someone seeking a true 'ship' in size, range, and capability. One of the best examples is Motor Yacht A, a 119-meter custom-built vessel designed by Philippe Starck, featuring space for 14 guests and 42 crew, a range of 6,500 nautical miles, and robust amenities. For slightly more compact options, yachts like the 'Luxury' by Monte Carlo Yachts (32.26 meters, 10 guests, 3 crew) are also noteworthy, although on a smaller scale. Modern yachts typically feature advanced hull materials, luxury interiors, and amenities like spas, sports courts, helicopter decks, and more. If your requirement is simply 'I need a ship,' these examples represent some of the largest and most capable private vessels available.
